SPOTTER REQUIRED WHEN BACKING
Key Points:
1. If you cannot see your spotter - IMMEDIATELY STOP;
2. If in tight or congested areas, you may need an additional spotter;
3. Always follow the signals of your spotter;
4. Never drive without a spotter;
5. Ensure your spotter understands their role.

SPEEDOMETER

A speedometer gauge is mounted on a black panel. The gauge has a silver-colored frame and a black face. The word "SPEEDOMETER" is printed in white, bold, capital letters at the top of the gauge. The gauge is currently blank. The panel is secured with four screws: two on the left and two on the right. The right side of the panel has a textured, brownish-gold finish.
